## 2017 Chat-n-Chew

Indiana University Northwest  
3400 Broadway, Gary, IN

RSVP Now: 219-886-1111

October 6, 2017 - 10AM to 3PM

Grief is the normal and natural **emotional healing process** human beings undergo after any major life-changing event. However, when left unresolved, grief can leave in its wake escalating behavioral, mental, and physical health issues that stymie success in our relationships, in school, in work, even in life. This community [Grief Recovery Retreat](#) is open to individuals, parents, and professionals who have found themselves impacted, on any level, by grief.
